REPLY TO RESTRICTION REQUIREMENT

Dear Sir:

This Reply is responsive to the Office Action mailed June 26, 2006 for which a one-month period for response expires on July 26, 2006.

In this Office Action, pending claims 1-69 were restricted as follows:

Group I (claims 1-37) drawn to a solid composition, classified in class 510, subclass 191;
and

Group II (claims 38-69) drawn to a method of making, classified in class 510, subclass 447.

Applicants respectfully traverse these rejections by suggesting that serious burden would not be placed on the Examiner in searching and examining all of the claims. See MPEP §803. Indeed, both groups I and II are classified in the exact same class (i.e. 510). For at least this reason, Applicants respectfully request withdrawal of the present restriction requirement.

However, if the Examiner disagrees with this suggestion, Applicants provisionally elect with traverse Group I (claims 1-37) for further prosecution in the present application. Claims 38-69 are therefore withdrawn from consideration but are not canceled. No fees are believed due for consideration of the present reply.

Please consider this a PETITION FOR EXTENSION OF TIME for a sufficient number of months to enter these papers or any future reply, if appropriate. Please charge any additional fees or credit overpayment to Deposit Account No. 501257.

Respectfully submitted,
